

Employer Biography

Rimrock, the largest treatment center in the region, has over 40 years of experience in treating addictive diseases, compulsive behaviors and mental health disorders. Their staff of 150+ includes Counselors, Physicians, Nurses, and support staff who assure the individualized care they provide meets the needs of the adults and adolescents they serve. Rimrock knows that addiction is a whole person illness that affects emotional, physical, spiritual and social well-being. Therefore, they do much more than simply treat the addiction. They help people find the balance to make consistent life choices in order to improve their overall health.

Rimrock's investment in the future concentrates on creating opportunities for their employees to enjoy and believe in the value of the work they do. They are committed to care for their patients and advocate for those in recovery. The employees practice impactful communication and meet high expectations. Overall the true winners are the patients served by this highly engaged workforce.

Rimrock has stood the test of time, and has evolved based on the needs of the community and the ever-growing staff. Rimrock leaders inspire their teams by first modeling high standards and sound core values. Rimrock projects this same philosophy as a leader; they model what they aspire to in order to be a reliable resource for the community. They continue to raise their bar to exceed the expectation of the people they serve. Any time someone needs information, an intervention, or answers to their questions regarding addiction or recovery, Rimrock stands above all others.
